

MORNING EVENING SUNDAY
THE  SUN
THE A. S. ABELL COMPANY, PUBLISHERS
BALTIMORE, MD. 21203

I'm enclosing the New Times
article. This Anson, who is a
contributing editor of the magazine,
does a good job of summing up
the doubts, but acknowledges his
debt to me. Naturally he draws
on your work, too.

He does end with an interesting
theory, one I've never heard before.
He suggests a CIA - Mafia complex.

Sincerely,

Henry Scarpia
